BRAND GUIDELINES

OUR MISSION

A women-first fitness *sanctuary* built on inclusivity, holistic wellness and community, where every woman can reclaim her capability and move through life with grace.

BRAND VOICE

Refined

Elegant, considered and calm. Never loud, never gimmicky — quietly premium.

Supportive

Warm and encouraging. We meet her where she is — no pressure, no comparison.

Empowering

Fitness as self-respect — strength, clarity and long-term vitality over aesthetics.

“Every woman, confidently reclaiming her space.”

THE MARK

A serene tree pose, drawn in a single graceful line.

Minimalist and approachable, the mark reimagines the fitness space through an inclusive lens — moving away from intimidating grind culture toward the holistic harmony of mind and body. Strength and identity, perfectly in balance.
